Late-Cancellations and No-Shows

We kindly ask that you give us 24 hour notice if you need to cancel an appointment. Late-Cancellations and No-Shows leave gaps in our schedules that cannot be filled without timely notice. Insurance will not cover charges for no-show/late-cancellation or eligibility fees.

Late Arrivals

In consideration of our scheduling commitments to other clients, we may need to reschedule any appointment for which you are more than 8 minutes late. You will be considered a no-show and charged accordingly.

Collection Agency Fee

Please be aware that any accounts sent to a collection agency are subject to an additional 35% charge added to the account balance.

I understand and agree that the health and accident insurance policies are an arrangement between an insurance carrier and me. Furthermore, I understand that the Doctor's office will prepare any standard forms to assist me in asking collection from the insurance company. Any payments received by the Doctor's office from my insurance company will be credited to my account upon receipt. However, I clearly understand that all services rendered me are charged directly to me and that I am personally responsible for payment. I also understand that if I suspend or terminate my care and treatment, any fees for professional services rendered me will be immediately due and payable and any legal fees necessary to collect outstanding balances. I hereby authorize the Doctor to treat my condition as he deems appropriate through the use of chiropractic care of my spine and joints. It is understood and agreed that all records, including x-rays, are property of this office. I am entitled to request copies of any or all of my records and am aware that there are fees associated with obtaining any copies. I also agree that I am responsible for all bills incurred at this office. The Doctor will not be held responsible for any pre-existing medically diagnosed conditions nor for any medical diagnosis. I understand that if my insurance is an HMO plan, I will be switched to a cash patient upon reaching maximum coverage with the HMO. I understand that appropriate credit reports may be obtained, when credit is extended.

TERMS OF ACCEPTANCE INFORMED CONSENT FOR CARE

When a patient seeks chiropractic health care and we accept a patient for such care, it is essential for both to be working towards the same objective. Chiropractic has only one goal. It is important that each patient understand both the objective and the methods that will be used to attain it. This will prevent any confusion or disappointment.

Care: Care may consist of Exercise, Adjustment, and/or Traction. These are specific applications of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by exercise, adjustment and traction of the spine.

Health: A state of optimal physical, mental and social well-being, not merely the absence of disease or symptom.

Vertebral Subluxation: A misalignment of one or more of vertebra in the spinal column which causes alteration of nerve function and interferes in the transmitting of mental impulses, resulting in a lessening of the body's innate ability to express maximum health potential.

Results: The purpose of chiropractic services is to promote health through the release of maximum nervous energy. Since there are so many variables, it is sometimes difficult to predict the time schedule and efficiency of chiropractic procedures. Sometimes results are phenomenal. In some cases, there is a more gradual response; occasionally the results are mediocre or dismal. Many people find results with chiropractic care, in turn we must admit that conditions which do not respond chiropractically, may come under the control of medical science. We will do our best in determining if you need chiropractic care, however we cannot be held responsible for a medical diagnosis, or under Wisconsin law be responsible for a medical referral.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation, however, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a health care provider who specializes in that area. In remote instances, chiropractic manipulative treatment has aggravated disc conditions, and cardiovascular conditions. Literature shows this to be very infrequent, but can happen.

Regardless of what the disease is called, we do not treat it. Nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our method is specific exercises, adjustments and or tractions to correct vertebral subluxation.

I, _____ have read and fully understand the above statements.

All questions regarding the Doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction and I agree with the above statements.

I therefore accept chiropractic care on this basis.
